

To All guests, colleagues, friends and family,

Following the latest set of government guidelines surrounding the COVID-19 virus, we have taken increased action to ensure the safety of not only our colleagues and guests, but their families as well. With immediate effect, all restaurants and bars will be closed until the governments advise otherwise. The hotel will not be taking any new bookings for guests looking to stay whilst we are advised to self-isolate – If you are a 'key worker' and require accommodation, please call the hotel direct and we will assist as best as we can.

For those guests who have bookings with us during this period and it's for a leisure trip, please contact the hotel to rearrange the booking for a future date, we will be more than happy to extend any ITISON, 5PM or My Hotel Breaks offers (or any other offers/vouchers) in these extenuating circumstances.

Please remember, the COVID-19 virus takes 10 days to manifest and show symptoms so the guidelines from the government are there to protect us all.

Thank you for your continued support and understanding, we will continue to closely monitor the advice and information being issued by the government and health authorities to guide our decision making and we will adhere to all regulations set out by the government and will endeavour to keep all guests updated.

We look forward to welcoming you all back as soon as we possibly can and pulling together to help the Hospitality Industry, and all other Industries, come back from the current position.

Take care.
